

PUWANART SINGHARACH

Data Scientist

Data Science, Faculty of Science, Silpakorn University
081-123-7009 • puwanart2003.earth@gmail.com • Sep 10, 2003

SUMMARY

Data Science student at Silpakorn University with hands-on experience building end-to-end Machine Learning applications across both structured and unstructured data. Passionate about turning complex data into impactful solutions, from model development to full-stack deployment.

SKILLS

- **Core:** Python, R, SQL, Excel, Power BI
- **ML / AI:** Scikit-learn, TensorFlow, PyTorch, SBERT
- **Tools:** Anitigravity, Claude Code, VS Code, Jupyter

<https://github.com/EarthPuwanart>

EDUCATION

Bachelor of Science Program in Data Science (GPAX: 3.91)

2022 - Present

Silpakorn University, Nakhon Pathom

EXPERIENCE

Failure Analysis Software Engineer (Internship Program)

Jul-Oct 2025

Western Digital (Thailand) Company Limited

- Engineered specialized ML models to automate failure analysis, optimizing workflow and minimizing manual errors.

PROJECTS

A Board Game Recommender System Using Machine Learning

Dec 2025 - Apr 2026

- Developed an efficient ML-powered board game recommendation engine.
- Delivered a user-friendly web application for seamless game discovery.

Comparison of Mood Between Melody and Lyrics of Thai Songs

Nov - Dec 2024

- Developed deep learning models for mood of melodies and lyrics.
- Achieved 60% accuracy in classifying mood of melodies and lyrics.

ACTIVITIES

• **Lecturer**, Python basics, Freshman Orientation Program 2025, Faculty of Science, Silpakorn University

Jun 19-28, 2025

• **Assistant Lecturer**, Computer Programming, Semester 1, 2024, Data Science, Faculty of Science, Silpakorn University

Jul 1 - Oct 7, 2024

• **Head of Content/Staff**, Data Science Department, Science Week 2024, Faculty of Science, Silpakorn University

Aug 23-28, 2024
