PUWANART SINGHARACH

Data Scientist

Data Science, Faculty of Science, Silpakorn University, Sanam Chandra Palace Campus, 6, Rajamankha Nai Rd., Amphoe Muang, Nakhon Pathom 73000
081-123-7009 • puwanart2003.earth@gmail.com • Sep 10, 2003

SUMMARY

A Data Science student with practical experience in data analysis and machine learning projects, proficient in Python, SQL, R, PowerBI, and Excel. Passionate about leveraging data-driven insights to address complex business challenges and deliver impactful innovations.

EDUCATION

Bachelor of Science Program in Data Science (GPAX: 3.91) **2022 - Present**
Silpakorn University, Nakhon Pathom

EXPERIENCE

Failure Analysis Software Engineer (Internship Program) **Jul-Oct 2025**
Western Digital (Thailand) Company Limited

- Engineered specialized ML models to automate failure analysis, optimizing workflow and minimizing manual errors.

PROJECTS

A Board Game Recommender System Using Machine Learning **Dec 2025 - Apr 2026**

- Developed an efficient ML-powered board game recommendation engine.
- Delivered a user-friendly web application for seamless game discovery.

Comparison of Mood Between Melody and Lyrics of Thai Songs **Nov - Dec 2024**

- Developed deep learning models for mood of melodies and lyrics.
- Achieved 60% accuracy in classifying mood of melodies and lyrics.

ACTIVITIES

- ***Lecturer***, Python basics, Freshman Orientation Program 2025, Faculty of Science, Silpakorn University **Jun 19-28, 2025**
- ***Assistant Lecturer***, Computer Programming, Semester 1, 2024, Data Science, Faculty of Science, Silpakorn University **Jul 1 - Oct 7, 2024**
- ***Head of Content/Staff***, Data Science Department, Science Week 2024, Faculty of Science, Silpakorn University **Aug 23-28, 2024**

ADDITIONAL INFORMATION

- **Technical Skills:** Python, SQL, R, PowerBI, Excel
- **Languages:** Thai, English (B2)
